Happy Fall, y'all! Can you believe that Halloween is already this weekend? We’ve been enjoying the cooler weather here in East Texas, and our residents have been partaking in fun October enrichment complete with lots of pumpkins. (Scroll down to watch them in action.)

This fall, we were busy raising money during North Texas Giving Day, welcoming a new bobcat resident and gearing up for the holiday giving season. All of which you can learn more about in this newsletter.
Thank you so much to everyone who donated and contributed to our 2020 North Texas Giving Day fundraiser. We raised $19,000 during the 18 hours of the event.

Your generous support makes a meaningful difference in our animals' lives and future animals in need of a forever home. The money raised will help us feed our animals, take care of their vet expenses and allow us to start planning for new enclosures.

Communities Foundation of Texas’ North Texas Giving Day gives us a chance to introduce our organization to a new audience and raise funds to keep our mission going. Your donation on North Texas Giving Day brings us one step closer to reaching our overall fundraising goal for the year!

Follow us on Facebook and Instagram to see just how we'll put your donation to work. We'd also love to hear about your donation experience with PrideRock. Please leave us a review below!

Thank you again!

Sweet Kenna is 6 years old and came to PrideRock in October of 2020. Prior to coming to us, Kenna was hit by a car as a kitten and was rehabilitated by a licensed rehab facility. Kenna suffers from some brain damage due to her injury but overall is a mellow girl.

She’s definitely shy and needs her space, which is why we’re so happy that PrideRock can offer that to her. We’re thrilled that we can give Kenna a quiet and peaceful place to live out the rest of her life.

Join us on a virtual tour of PrideRock and see what makes our refuge so special. You'll meet lions, tigers, bears and an African-spotted hyena. Don't forget to check out our YouTube page for more videos about PrideRock.
Giving Tuesday is just around the corner! On December 1st, we hope that you'll think of PrideRock Wildlife as your non-profit to support this holiday season. As always, anything you donate goes directly to our residents. Your donations also help us achieve our mission in saving wild animals who are currently in need of a home.

OUR WISHLIST

We are always needing supplies to maintain and improve our refuge so that our animals have a beautiful and comfortable place to live. By shopping our “wishlist” you can help us achieve our goals of making PrideRock our animals’ paradise.

Despite what many witnessed in the Netflix phenomenon, “Tiger King,” life on a wildlife refuge is much different than the picture that was painted. We might be 180 miles south of the notorious Wynnewood park, but we can assure you that our world here in Terrell, TX, is truly centered around the most important thing to us – our residents.

At PrideRock, our owners are not makeshift country singers and there is no conspiracy against other wild animal conservations – just love and respect for anyone trying to do right by wild animals in captivity.

**DID YOU KNOW??**

Female hyenas produce three times more testosterone in their bodies than their male counterparts. As a result, the females are more muscular, larger and more aggressive than the males.
I don't know about you, but I think our residents could double as pumpkin models. We had a great time this month playing with pumpkins. It's definitely feeling like October and Halloween at PrideRock!

Due to COVID, masks are now mandated across most states. Show your support and help us raise awareness by purchasing a "PrideRock Face Mask" today!

We also have t-shirts, water bottles, bags and more!
